WORKSHOP ON HARDWARE AND NETWORKING AT BELGAUM INSTITUTE OF MANAGEMENT STUDIES

Belgaum Institute of Management Studies organized workshop on Hardware and networking to the BCA students at the college premises recently. The main objective of the programme was to enhance the technical skills of the science and technology students on computer hardware maintenance and networking. The workshop enabled the participants to become entrepreneurs in the future.

The workshop highlighted on identifying the existing configuration of computer peripherals and upgrading same as and when required. It also focused on assembling a PC, PC troubleshooting, installation of system/application software. The workshop gave an opportunity to gain in depth knowledge about the field of technical skills. Addressing the gathering Principal, Mr. R.B. Kadannavar said that the workshop helps to provide knowledge of computer hardware and networking, enabling them to identify and rectify the onboard computer hardware, software and network related problems.

The students got hands on practical experience during the workshop. Students were guided by Mr. Gulzar Hanchinmani, system administrator. The event was coordinated by Prof. Quiser Khatib and supported by Mr. R.B. Kadannavar.
