

SCIENCE EXHIBITION ORGANIZED AT SHAIKH CENTRAL SCHOOL

A one day science exhibition with theme “Science & Technology for challenges in life” was organized at Shaikh central School in the school premises recently. The event saw participants exhibits some innovative working models and investigation based projects. The program was inaugurated by Mr. Gajendra Pawar, Principal, Shaikh Central School. The exhibits by the students were indeed an eye opener on various topics related to green Energy, Agriculture, Environment and Technology etc. The objective of the event was to promote scientific attitude among young students.

The students were benefited through sharing and exchanging of innovative ideas. The application of these models in our daily life was presented and it filled all the students with zeal and enthusiasm. The students shared their creative ideas and solutions to everyday challenges through their innovative working models, exhibits, projects and presentations. Mr. Gajendra Pawar, Principal, Shaikh central School appreciated the efforts of teachers and students for organizing such a knowledgeable and informative exhibition. He further said that organizing such events will not only help in stimulating creativity and inventiveness among the students but also will generate their interest for these subjects. He further said that it is heartening to know that the students had been inspired to conceptualize and initiate their personal scientific journey through self motivation and with a concern for sustainability and inclusivity.

Students had made still models, working models, charts and posters to present their topics. The judge for the event was Mrs. Jyothi VijayKumar and Mrs. Shaheen Banu Shaikh.

The judges appreciated the students. They asked students about the scientific concepts forming the foundation of the models. Students had prepared models like water holding capacity of soil, working of a wind mill, Robotics etc.
