

WORKSHOP ON SOFTWARE TESTING ORGANIZED AT BELGAUM INSTITUTE OF MANAGEMENT STUDIES

Belgaum Institute of Management studies organized one day workshop on Software Testing for BCA students at the college premises recently. The workshop was organized to guide the students about the testing tools and mindset required for software testing in IT industries. It also helped the participants understand software testing from IT industry point of view.

The guest speaker on this occasion was Ms. Shilpa Gavade from SJPN College Nidsoshi. Addressing the students she introduced concept of software testing, various types of testing, how to generate and use test cases for a software system. She further guided the students on mindset required for software testing and recent tools available to bridge gap between academia and industry. The workshop was supported by hands on exercises in which students used unit testing, tools to develop a few test cases, instrument the code of application under test to collect data to be used for code coverage analysis and execute the test.

The event was organized for all the BCA students. The event was coordinated by Mr. Shashikant Hunchal and supported by Mr. R.B.Kadannavar, Principal, Belgaum Institute of Management studies.
