

## AMSC FIRST YEAR STUDENTS STUDY TOUR ORGANISED BY PHARMACY DEPT

As per the syllabus of RGUHS & NCH, this year the Department of Pharmacy planned a study tour to Mangalore/Moodbidri/Murudeshwar for first year BHMS students.

On 12/10/22 at 10:30 a.m, students and faculty visited FATHER MULLERS HOMOEOPATHIC MANUFACTURING UNIT and Officials explained about the rich heredity and history of the well renowned manufacturing unit. Which boasts of preparing homoeopathic drugs strictly according to the rules and regulations, laid down by the H.P.I The officials gave us detailed information about the procedures and methods used for preparing homoeopathic MT'S and potencies. Students were shown different instruments such as Distillation apparatus, Electric triturator, Electric potentiser etc, which are used for preparing homoeopathic drugs on a large scale. They also gave us live demonstration of filling, corking, packing of the prepared homoeopathic drugs. After that we visited all other sections such as mother tinctures section, external applications section, tablets and Trituration section. They also explained about the quality control procedures in detail. After having got acquainted with manufacturing procedures, and of the instruments of homoeopathic laboratory we left the manufacturing unit at 1 pm.

On 13/10/2022 students visited the ACT YEN Simulation center of Yenepoya Medical College and Shobhavan of Alva's Homoeopathic Medical College Moodbidri Mangalore. On 14/10/2022 students visited Manipal Anatomy and Pathology Museum.

It was a memorable tour which provided all with knowledge as well as lots of fun and enjoyment which is and will continue to be an inseparable part of our memories. Dr V.R.Kulkarni, Dr Swapna and Dr Pratibha accompanied the students. Dr Vivek Kulkarni took efforts to make the arrangement of the tour. It was a very informative and interesting tour.
