

## HINDI STORY TELLING ACTIVITY FOR PU STUDENTS

Story telling is an integral part of academic excellence. It not only incites curiosity among the students but also helps them to get good command over the language and to think and act over various moral values that are embedded as part of stories. Since time immemorial, storytelling has been an important part of our childhood.

Keeping this theme in mind, Hindi story telling activity was organized by the Department of Hindi on 6<sup>th</sup> May 2023 at SPUC.

The young, enthusiastic storytellers came forth with wonderful tales. They performed the art of storytelling in a creative way using right voice modulation, various gestures and made it a point to bring out the moral values hidden in the stories in a meaningful way. Some stories gave the audience food for thought and some reinforced moral values.

The activity was thoroughly enjoyed by the students and staff. The story tellers won everyone's heart and were applauded
