

## **BELGAUM INSTITUTE OF MANAGEMENT STUDIES DEGREE COLLEGE ORGANIZED “ WORLD ENVIRONMENT DAY” AT A. M. SHAIKH CAMPUS.**

All the students and faculty members of BIMS Degree college took initiative to organize “World Environment Day” to create an awareness among the students about the environment, nature, save tree, save water.

All the faculty members, HOD, Principal were participated in tree planting, emphasizing the importance of environmental stewardship. The event underscores BCA's commitment to sustainability and eco-consciousness. Students and staff alike are eagerly engaging in this meaningful activity. Each tree planted symbolizes a pledge towards a greenery future. The event serves as a reminder of the collective responsibility towards preserving nature.

Each tree planted symbolizes a pledge towards a greener future. The event serves as a reminder of the collective responsibility towards preserving nature. BCA and B.com proactive approach sets a commendable example for other institutions. Such initiatives inspire hope and positive change within the community. Tree planting not only benefits the environment by contributing to carbon sequestration and biodiversity but also fosters a sense of community and responsibility towards nature.

We kept Rangoli Competition to BCA and BCOM students to create an awareness about the environment. Theme for Rangoli was Nature.. Environment. All the faculty members were judges for the said event. Students highlighted various slogans answered various questions raised by Judges.
